

At Manhattan Dental Care, we care about family and friends.

Your family can be our family!

For every new patient referral, we will thank you with a \$50 credit toward your next visit. And, we will also give your family member or friend a \$50 credit to their account. Referrals are the greatest compliment we can receive, and our favorite way of making new friends.

Friends or Family Pak

We'd love to take care of your friends and family.
